

Siemens Low Voltage Circuit Protection Heavy Duty Safety Switches. 30A  
3P 600V NF RECEPT SW TYPE 4X

|  |   |
|--|---|
| mechanical service life (operating cycles) typical | 10000                                       |
| fastening method                                   | SURFACE                                     |
| number of poles                                    | 3   |
| suitability for operation                          | PROTECTION OF HEAVY DUTY PORTABLE EQUIPMENT |
| <b>Electricity</b>                                 |   |
| ampacity   | 30 A  |
| supply voltage frequency rated value 50/60 Hz      | Yes   |
| <b>Model</b>                                       |   |
| product brand name                                 | SIEMENS                                     |
| product type designation                           | HEAVY DUTY SWITCH                           |
| special product feature                            | ACCEPTS CROUSE-HINDS Arktite PLUGS          |
| type of electrical connection                      | INTERLOCKED PLUG                            |
| <b>Mechanical Design</b>                           |   |
| design of the housing                              | TYPE 4X                                     |
| design of the actuating element                    | SINGLE THROW                                |
| material   | 304 STAINLESS STEEL                         |
| <b>General product approval</b>                    |   |
| certificate of suitability                         | UL98  |
